"Letters?"

They do get in, oftentimes, where a salesman cannot. They have no expense accounts, and if the right kind, are sure to be read.

But they must be done right. They must make a personal appeal, and avoid the appearance of a "form" letter.

This can only be done on a typewriter, or a machine that faithfully reproduces the hammer blow of type through ribbon,-just as the typewriter does it.

Our mechanical equipment, and our peculiar facilities for compiling lists, mean unusual service in direct advertising.

WILL YOU HAVE A SALESMAN ON EVERY DOT?

The dots show the distribution of the last edition of the NEW ENGLAND BUSINESS DIRECTORY & GAZETTEER throughout New England.

In every city, town or hamlet thus represented, from one to a hundred copies of the book were placed.

They were bought and paid for by hard headed business men for the information contained therein.

Isn't it good judgment on your part (to say the least) to make it easy for these same business men to find *you* when they are consulting the book?

Tell us to be sure and see you for registration in the next issue

The Home of Good Directories

The City Directory has become a universal necessity in looking up new prospects, in purchasing supplies, and in marketing products. Our experience of seventy years—our reputation for accuracy, our large force of experienced help and our complete equipment for the work, all guarantee the best in directory compilation. Don't forget that directory advertising supplements and rounds out all your other advertising by giving the most explicit directions how to find you. ***Put—"We are listed in the Directory"*** in all your advertising copy. Addresses are often forgotten or mislaid though the name is remembered. The firm that is properly registered in all branches of its industry is wise.

Addressing the right people in the search for new business means a saving of Time, Postage, Labor, Guess Work, Stationery; and results in more profits to you. You want your mailing lists accurate,—That's the kind we make. Ask us to tell you about this branch of our business.

Ask Sampson & Murdock Co. about the City Directory, the book of many uses.

ABSOLUTELY NO WASTE CIRCULATION

The City Directory is one of the few advertising mediums whose value in that particular lasts as long as the book holds together. It is bought to be used and it *is* used every hour of every day during the year and when the new one arrives in the office, some one takes the old book for continued use in the home. Its use is universal and whatever you have to sell, someone interested in your goods is sure to consult the book, perhaps seeking information about that very thing

Wouldn't it pay you to put information about your goods where anyone can easily find it?

When you see our name on a Directory you may be sure of these four things

1st.—Every effort has been made to secure accurate information.
(We employ men of experience and ability and insist on accuracy)

2nd—The price of the book is as low as the cost of production and a reasonable profit will allow.
(Compare prices with those of other directories from all over the country)

3rd—The Advertising Department is a fair representation of the best business houses of the city.
(A glance over the advertising section will prove this statement)

4th—The Advertiser gets more for his money than from nearly any other publication.
(Our representative will gladly show you why)

THE CITY DIRECTORY

INDISPENSABLE TO THOSE WHO KNOW WHAT IT CONTAINS

It will answer almost any question that can come up regarding inhabitants, institutions or business interests of the city.

To know how to use it, and to have it at hand for ready reference is a great aid to efficiency.

Special Descriptions of many of the more progressive houses are there because it is recognized as the logical place to look for them.

National Advertisers Are coming more and more to realize that newspaper or magazine publicity brings better returns when coupled up with an advertisement for the local agent in the city directory. Put—***"See the city directory for our local agent"*** on all your advertising and see to it that he is listed under all the classifications of your line.

For Instance, Those looking for the Olney Canned Goods should be able find them listed in the Business Section thus:

**Olney Canned Goods*

DARLING-BENEDICT CO., agents, foot of Grand St.

—see page 62

Local Advertisers Will improve their sales of nationally advertised products if they can induce their supply house to advertise in the above manner.

PUBLICITY ENGINEERING

is practical application of correct theories IN BUSINESS.

THE FIRST PRINCIPLE
is to get complete and accurate information about your

Customers; perhaps you might serve them in ways not thought of, if you knew more about them, and they about you.

Customers-to-be; but how can you get hold of them unless you look them up, and you might as well look them all up while you are doing it, for Directory lists make this easy.

Supply Men; Some are better than others, know about them all—and choose.

Competitors; they exist—let them and the public know you exist—for a purpose.

THE FIRST SOURCE of information about a business is ***The Directory.*** It is made from actual canvass and forms the basis of every kind of "mailing list", "trade directory", "reference book" or "buyers guide" in this territory. The original is best and you should study its pages, and be represented therein yourself, for

That is where people look for you

TROY STREET DIRECTORY

COPYRIGHT, 1917, SAMPSON & MURDOCK CO.

Giving the name of each street and showing what other streets and places run from it or across it, with the number at which they intersect.

From this list the location of any number on a street can be easily ascertained; as for instance, wishing to know at what part of Second street No. 168 comes, look at Second street, and it is found that Liberty street crosses at 156, Washington street at 178, showing that 168 Second street would come half way between Liberty and Washington streets.

Ciphers are substituted for numbers on streets not fully numbered.
